

CAPABILITY STATEMENT

Specialist Property Remediation, Ozonation & High-End Decorating

DJK Decorating and Design

Location: Margate, Kent | Coverage: Kent & South East England

COMPANY PROFILE

DJK Decorating and Design is a premium maintenance and remediation contractor specialising in the technical restoration of residential and commercial properties. We bridge the gap between **scientific mould remediation** and **master-level decorative finishing**.

Holding **NVQ Level 3**, **RoSPA**, and **IOSH Site Manager** accreditations, we deliver a strict **Compliance-First** approach. We do not mask problems – we diagnose, treat, sterilise and finish surfaces to the highest British standards.

CORE SERVICES

1. Professional Mould & Damp Remediation (RoSPA Accredited)

- Full diagnostics using calibrated moisture mapping
- Source identification and fungal eradication
- Full compliance with **Awaab's Law**

2. Industrial Ozonation & Air Sterilisation

- High-output Ozone (O3) treatments
- Total odour elimination (smoke, damp, pets)
- Chemical-free air purification

3. High-End Decorating & Finishing (NVQ Level 3)

- Interior and exterior painting
- Specialist anti-mould and thermal coatings
- Precision finishing for premium assets

4. Site Management & Compliance (IOSH Certified)

- Full RAMS documentation
- Site safety auditing and supervision

WHY PARTNER WITH US?

- Compliance-driven contractor for regulated environments
- IOSH Certified Site Management
- Gold CSCS Holder
- CIS Registered & Fully Insured
- Trusted for council, housing association and commercial works

SECTORS WE SERVE

- Letting & Estate Agents
- Housing Associations
- Commercial Contractors
- Private Landlords
